Leaves Reno for San Fran 1:30 A.M. at 9:05 P.M. Arrive in Reno from San Francisco at 7 A.M.

GONE, NOLIES  
Hammond & Wilson's stage leaves for Susanville at 3 A.M.; returning at 6 P.M. Fare \$12.

## THE BONANZAS.

The following is the latest news from the bonanzas: All the ore breasts of the Con. Virginia are looking as well as usual. In the course of 16 days stoping will be commenced in the 1,650 foot level, in what is reported to be rich ore. The last bullion shipment on February account was made on Saturday, consisting of \$33,918, and making a total of \$325,986 for the month, against \$310,300 in January. The Trustees held their regular monthly meeting Monday afternoon, but no dividend was declared. The ore breasts in the California mine continue to look well, and there is now better ventilation in the lower levels.

Repairs on the drift in the 1,500 foot level will diminish the quantity of ore raised for a few days, and it is possible that some of the mills will have to close down for a day or two. The last shipment on February account was made Sunday. This is the largest single shipment yet made, consisting of 102 bars, valued at \$42,057, and makes a total for the month of \$1,349,132, against \$1,613,700 in January. The usual \$2 dividend will be declared this afternoon.

One day, on the Boulevard Periere, Paris, a mad-dog started in pursuit of a velocipede, mounted by a boy of fourteen, named Duprat, living in the Boulevard, No. 16. The chase was a terrible one, and ended in the fall of the boy. Happily it was in the iron of the velocipede wheel that the teeth of the mad-dog closed. \* \* \* There ended the first act of the drama. The second follows. In an impulse of passionate joy on seeing her son saved from so great a danger, Mme. Duprat pressed her lips to the wheel of the velocipede. Some hydrophobic virus had remained on the iron, and after an agony of a fortnight the poor mother died, raving mad. Decidedly Frenchy.

SHAVING BY THE ACRE.—It is recorded that a gentleman residing in one of the large towns in England, whose face exceeded the ordinary dimensions, was waited on by a barber every day for twenty-one years without coming to a settlement. The barber, thinking "it about time to settle," presented his bill, in which he charged a penny a day—amounting in all to £31 10s 9d. The gentleman, supposing too much charged, refused to pay the amount, but agreed to a proposal of the barber to pay at the rate of £200 an acre. The premises were accordingly measured, and the result was that the shaving bill was increased to £73 8s 8d.

In Paris skirts are still made very plain, and close in front, and with a fan-shaped train at the back. There is a rather elaborate arrangement of elastic at the back to keep the dress in place and close to the figure. Embroidery of all kinds is very much in vogue for ornamenting toilettes, and natural flowers are extensively used to trim ball dresses.

MAN'S INGENUITY.—The fishermen of Norway carry in their fishing boats a water telescope or tube three or four feet in length. They immerse one end in the water, and then, looking intently through the glass, they are enabled to perceive objects ten or fifteen fathoms deep as if they were within a few feet of the surface. Hence, when they discover plenty of fish they surround them with their large dragnet nets, and often catch them by hundreds at a haul, which, were it not for these telescopes, would often prove precarious and unprofitable fishing. This instrument is not only used by the fishermen, but it is also found in the navy and coasting vessels.

ARTHUR HAGADORN and Sam McCurdy of Canon Creek, Nevada, propose to raise only "frizzly" chickens, and expect to do it from common eggs. Mr. Hagadorn asserts that all that is necessary is to watch the eggs during the period of incubation, and when the chick begins to peck at the end of the shell nearest his bill with a view to get out, the egg must be broken at the opposite end. The young fowl finding that he can escape without further work, proceeds to back out of the shell, and in doing so ruffles his feathers, which will remain so ever after. That's rough on the frizzles.

WHEN Farmer Bullock read that a bull painted by Rosa Bonheur sold for five thousand dollars, he remarked to his wife that he didn't see how a coat of paint could so greatly enhance the value of the animal, but if Rosa didn't charge more than ten dollars he would get her to paint his bull in the Spring. But his economical wife replied that she thought he could paint it himself and save his ten dollars. The bull will be painted.

A BANK-BOOK was presented at the Springfield, Massachusetts, Institution for Savings one day last week, which had not been seen by the bank officials since the original deposit was made 32 years ago. The amount of the deposit was \$3,000, while the interest alone has amounted to \$16,919. During all this time the owner of the book had never entered the bank or asked a question as to her property, which she now comes to claim.

A CITIZEN of Eureka loaded up his shot gun with six fingers of powder and a double charge of shot, and laid in wait for the dog that had nightly scared him. The cur came at the appointed time, and the citizen turned the old gun loose. The doctor thinks he will recover sufficiently to attend to business in a month. The dog has left town until the excitement calms down.

THERE is something refreshing in the absolute astonishment that visitors to a printing office sometimes display at the commonest thing. "What is that black looking thing standing up in that corner?" is sometimes asked by an unsophisticated observer, and the nearest type answers: "That is the printing office towel. We always stand it up in the corner."

A SPANIARD caught a beaver in the river above the town of Colusa, one day last week, and he was exhibited as a sort of curiosity. There were plenty of these animals along the river twenty-five years ago; but as they don't like civilization, although being the most civilized of animals, they have pretty much disappeared.

EVERYBODY has read the story of Henderson, the man who last summer swallowed a cherry stone, which, refusing to be dislodged, has while in his stomach grown into a small cherry tree. The man who wrote the story is a relative of George Washington, who refused to cut the tree down.

## MERCHANT TAYLOR.

S. BERWIN

Announces to the public of Reno and vicinity that he has opened a shop on the

East Side of Virginia Street,

In Cook's Building, and is now prepared to do all work in his line promptly and satisfactorily.

WEDNESDAY..... MARCH 7, 1877.

## WILLIAM HARPER'S BONANZA.

A New York *Times* Oil City special says: William Harper of Forest county has just returned from California with \$36,000, being the principal and interest of a sum that was stolen from himself and two others twelve years ago. About the 1st of February last friends of Harper in Philadelphia forwarded him a letter addressed to the old firm and postmarked "San Francisco." This letter was from an absconding agent, E. C. Martin. He was in San Francisco and wrote that he desired to refund the money he had taken, and would do so if he was given immunity from prosecution. Harper started for California as soon as possible and met Martin. He had elegant apartments at an aristocratic boarding house. His mistress, Mrs. Warren, was still with him, and met Harper resplendent in jewels. Martin said he had sailed at once for Fern when he had absconded, and had engaged in opening silver mines in that country. From shares in their product he claimed to be worth \$2,000,000. He was in California on business and intended to return to Fern. He paid over to Harper the amount stated above. He said he had provided for the family he had left in Baltimore, and they had gone to England, where his wife's parents live. A child ten years old is the result of his with Mrs. Warren. He is 52 years of age and his mistress is now 27. She is said to be remarkably handsome.

**TELEGRAMS.**—The *Enterprise* says there was a panic in Virginia on Tuesday, and it all came of a report that the bonanza mills had shut down on account of the bullion-tax question and would not resume till it was settled, which would, of course necessitate the closing of the stopes. People were almost breathless with surprise and terror stricken in view of the consequence, for it would take from \$100,000 to \$112,000 per month from the amount paid laborers, and thus put in circulation there. It all arose out of the fact that the California pan-mill, which has been in continuous operation for twelve months past, shut down Tuesday morning for repairs and a general overhauling. The occasion was also seized upon for making certain improvements in the drift connecting with the C. and C. shaft on the 1650-foot level. But two or three days will be required to put the machinery of this mill in perfect order, when it will again start up for a long and indefinite run.

**DEMOCRATS ENDORSE HIM.**—The *Nashville American* in a leader says: "Ex Senator Key of Tennessee will probably be Postmaster General. This is a departure from general custom and would seem to indicate that Hayes means what he said about unpartisan civil service. Key has never been anything but a Democrat. He is a man of ability and thorough honesty. His appointment is a good indication, and one which will be likely to make ex-revolutionaries howl, while every man who seeks the prosperity of our country must rejoice at this indication, as far as it goes, of non-partisanship."

## BILLS APPROVED.

**FEAR OF AN INDIAN OUTBREAK.**—The San Diego *Union* has advices of March 6th, from Maricopa Wells, Arizona, stating that the people at that station fear an attack from the Pine Indians, who are so exasperated over the rumor that the two Indians lately arrested have been hung by a mob in Phenix. Gen. Kautz has ordered a detachment of cavalry from McDowell's command to Maricopa.

## A Desperate Murderer.

Virginia had a sensation yesterday morning. James Harrington, the murderer of Sullivan, confined in the county jail, made a desperate effort to murder Henry Kirsh, the County Jailer. As the latter opened Harrington's cell to lead him out to breakfast, Harrington attacked him and during the struggle shot at him three times, inflicting slight wounds. City Jailer Carpenter rushed to the rescue and shot Harrington in the back and disarmed him. Harrington's wound is not dangerous.

## BRISTOW-SUPREME JUDGE.

For some unknown reason Judge David Davis of the Supreme Court, now U. S. Senator from Illinois, preferred that the appointment of his successor should be made by President Hayes instead of President Grant, and consequently he would not resign from the Supreme Bench to take his seat in the Senate until after the inauguration, and thus it becomes one of the first duties of the new President to fill the vacancy. A dispatch from Washington conveys the intelligence that "Benjamin H. Bristow is almost certain to be appointed to the Supreme Court to fill the vacancy caused by Davis' resignation." President Hayes will delight the people if he shall confer upon Mr. Bristow the honor indicated. The appointment is one well deserved. After the Cincinnati Convention Bristow was proud of the work done by that Convention and telegraphed his friends that they had given the country a candidate worthy of the place, and with whom success was assured. He entered into the canvass with all his heart. He addressed the people everywhere in favor of Hayes, and his support gained many friends for the new President, and all those who wanted Bristow first, were glad to assist Hayes as second choice. We had hoped that Bristow would be recalled to the Secretarship of the Treasury, but if he is not to be in the Cabinet, we shall rejoice to see him upon the Supreme Bench. The country has need of the services of such men in the public service, and his elevation to that life position will redound to the credit of our new Chief Magistrate, to whom the people look for much, and in whom we trust they will not be disappointed.

## VICE PRESIDENT WHEELER.

The people are now well acquainted with the ceremonies attendant upon the inauguration of President Hayes, and have read his address. Vice President Wheeler has been temporarily thrown in the shade, but we deem it proper to reprint his address upon assuming his high office, and the circumstances connected therewith. After the organization of the Senate on Monday, he entered the Chamber escorted by Senator McCleery of Kentucky, of the Committee of Arrangements, and his appearance was greeted with applause, and proceeding immediately to the chair on the right of the presiding officer, he at once began his address to the Senate as follows:

**Senators:** Official station ever brings with it a corresponding duty and responsibility. Service in analogous parliamentary sphere has taught me how delicate, and at times difficult and complex, are the duties which the oath I am about to take will impose on me as President of the Senate. It is my sincere purpose to lift myself entirely above the elements of partisanship, to administer its rules in their true spirit, with courteous firmness, and by all means in my power to facilitate and expedite its deliberations. In doing this I shall need your aid, your generous forbearance, and at times your lenient judgment, upon all of which, I know, I may confidently rely, when you shall be satisfied of the rectitude of my intentions. I trust that the relations about to be established between us may be mutually pleasant and productive of good, and to the best interests of our national commonwealth. Mr. President I am now ready to take the oath of office.

The oath of office was then administered to him by President pro tem. Ferry, and his first official act was to direct the Sergeant-at-Arms to proceed with the programme of the inaugural ceremonies.

## NEW TO-DAY.

## BRIDGE.

Since the adjournment of the Legislature Gov. Bradley has approved the following bills: The State Library appropriation bill; the vagrant bill; an Act for fostering the growth of forest trees; two Acts concerning juries; an Act concerning stray animals trespassing on farm lands; two or three revenue bills; an Act for the preservation of fish; an Act providing for the taxation of the proceeds of mines; the Gambling Act—which makes it a misdemeanor for parties owing bills to gamble away their money; an Act abolishing the office of State Printer, and an Act granting certain powers to the Commissioners of Eureka county.

"THE President of the United States, of necessity owes his election to office to the suffrage and zealous labors of a political party, the members of which cherish with ardor and regard, as of essential importance, the principles of their party organization; but he should strive to be always mindful of the fact that HE SERVES HIS PARTY BEST WHO SERVES HIS COUNTRY BEST."

PRESIDENT R. B. HATTON.

## FISH COMMISSIONER.

Governor Bradley has signed the so-called Fish Bill introduced into the Assembly by Mr. Parker, and appointed that gentleman the Commissioner contemplated in the act. The *Carson Appeal* says;

As we have before intimated, this is one of the very best bills brought to the consideration of the Legislature just passed. It provides for taking the initiative steps toward a system of pisciculture in this State, and will, we have no doubt, prove efficacious in preventing the wanton destruction of our native fish. Inasmuch as the Act contemplated no emoluments to the Commissioner, the appointment of Mr. Parker is evidently proper and constitutional, and will ensure faithful and enthusiastic service in behalf of the objects sought by the Act itself.

**BIG MINING SCHEME.**—Professor W. Frank Stewart, the well known geologist and mining expert, says the *Enterprise*, has already organized an expedition and is about to inaugurate a mining scheme of untold magnitude, and one which promises the greatest benefit for those engaged therein, as well as to be of great value in opening up and extending the mining operations of Nevada. The Professor and attendants will very soon start and spend the Spring, Summer and Autumn months in prospecting for mineral-bearing lodes and locating mines in Lander, Esmeralda and Elko counties. The mines thus located will become the property of the joint stock company which will be represented by the expedition.

**CALIFORNIA BULLION.**—The *Enterprise* of the 6th says: Sunday evening the California Mining Company shipped, per Wells, Fargo & Co., 102 bars of bullion, valued at \$429,051.25. We do not remember of but one heavier bullion shipment from the Comstock at one time by any one company. Last 5th of July the Con. Virginia shipped 136 bars valued at \$322,655.75, and weighing 15,810 pounds, which is the biggest load so far. The total shipment of the California Company for the twenty-three days run made in February was \$1,549,132.47, paying the coming dividend of \$1,810.00 and leaving balance of \$169,132.47, less discount, for running expenses.

## THE WEEKLY JOURNAL.

The **WEEKLY JOURNAL**, published every Saturday, will be furnished to those desiring it at \$1.00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the **WEEKLY JOURNAL** will please call at the publication office.

**ADVERTISING MEDIUM.**—The advertising columns of the **JOURNAL** afford an excellent opportunity to our readers to study out where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The **JOURNAL** reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

## NEW TO-DAY.

## BRIDGE.

**SEALED PROPOSALS** WILL BE RECEIVED at the office of the County Clerk, in Reno, until 12 o'clock M. Thursday, April 3d, 1877, for the building of a bridge across the Truckee River, on Virginia street in the town of Reno. Bids will be received for an Iron Superstructure, necessary masonry and approaches, complete spans 160 feet, roadway 18 feet in the clear, and two foot walks each five feet. Superstructure to have a capacity of 2000 lbs. per linear foot. Bidders will be required to furnish plans and specifications for iron work, masonry and approaches. The commissioners reserve the right to reject any and all bids.

By order of the Board of Co. Commissioners. P. B. COMSTOCK, Clerk. Reno, Nev., March 6, 1877.

Copy of Telegram received by Sherman & Hyde.

New York, Sept. 29, 1876.—Received the highest award for sympathetic, pure, and rich tone, combined with greatest power, as shown in the three styles—Grand, Square and Upright Pianos

—which show intelligence and solidity in their construction, a plant and easy touch, which at the same time answers promptly to its requirements, together with excellence of workmanship.

A. WEBER,  
These famous Pianos are for sale by

SHERMAN & HYDE,  
Corner Kearny and Sutter Streets, San Francisco

Never before in the history of piano forte manufacture has an instrument risen so rapidly in popular favor.

Its intrinsic merit and decided superiority over all others has caused every musician and artist of note to adopt and recommend it.

"I shall take every opportunity to recommend and praise your instruments."

Miss Kellogg says, "Your Pianos are my choice for the concert room and my own house."

Lucca says, "Your uprights are extraordinary instruments, and deserve their great popularity."

Patt says, "I have used the Piano of every celebrated maker, but give yours the preference over all."

Strauss says, "Your Pianos astonish me. I have never seen any Piano which equals yours."

Wehl says, "Madame Parepa called your Pianos the finest in the United States. I fully endorse that opinion. They have no rival."

## Proceedings of the Board of County Commissioners.

The Board of Commissioners met yesterday pursuant to adjournment. Present—F. K. Hymers (chairman), Orin Ross and W. H. Joy, Commissioners; P. B. Comstock, Clerk; A. K. Lamb, Sheriff; Wm. Cain, District Attorney.

The following claims against the county were allowed: H. W. Baglow, \$200 60; Simpson & Osburn, \$25 40; C. A. Richardson, \$158 25; T. K. Hymers, \$50 40; O. C. Ross, \$52 00; W. H. Joy, \$57 20; J. H. Kinkead, \$3.

The contract to fence in the Poor Farm was let to Chase Norris for \$2 24 per rod.

The Clerk was ordered to advertise for bids for the contract of building the iron bridge across Truckee River.

After transacting considerable unimportant business the Board adjourned to meet the first Monday in April.

## Our Double-Twisted Pun.

Pennsylvania has hung more murderers than any other State. It is the Empire State—*N. Y. Graphic*.

Such jokes as that are a nooseance, *Phila. Bulletin*. We had intended to add one, but after a moment's reflection concluded to gibbet up—

*Norristown Herald*. Yes, let's drop the subject.—*S. P. Chronicle*. It won't do to stretch it.—*Reno Gazette*.

Oh, hang such pungent puns! That subject is too knot y to master without choking. We recommend the suspension of all noosepaper men who execute such murderous jokes with such breakneck carelessness. Haister your course, gentlemen, or your understanding will suddenly fail you, and there will be wrought for you (r) left ere you know it.

## Ex-Convicts.

Our officers inform us that there are now in Reno nine "ex-convys." We do not wonder then that Reno has a "601."

## Sensible.

Under the new postal law you are permitted to write your name, preceded by the word "from," on the margin of the newspaper you send to your friend.

The favorite skating petticoat of the Reno maiden is of quite red satin, sometimes flounced, and again trimmed with frilled Smyrna lace.

—Ex.

## SUMMONS.

IN THE DISTRICT COURT OF THE SECOND Judicial District of the State of Nevada, and for the County of Washoe. The State of Nevada sends to Will T. Frank, N. J. Ross, G. Gilson, G. W. Cummings, greeting: You are hereby required to appear in an action commenced against you as defendants by J. E. Jones and James E. Knobell, co-partners doing business under the firm name of J. E. Jones & Co., as plaintiffs, in the District Court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service of notice of this summons, or within the day of the 1st instant, and in and for the County of Washoe, State of Nevada, and for the District Court of the Second Judicial District, in and for Washoe County, if it ever comes out of said county, but within the said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action to obtain judgment for the sum of four hundred dollars (\$400) U. S. Gold Coin due on a certain promissory note for said amount made, executed and delivered to plaintiff on the 9th day of August, 1876, with interest from date till paid at two (2) percent per month; that the same on or thereafter to be paid, and is now wholly due, both principal and interest and for costs in this suit, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county.

And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will take judgment for the said amount, besides interest and costs of suit.

In testimony whereof, I, J. S. Shoemaker, have hereunto set my hand and affixed the seal of said Court this 27th day of December, A. D. 1877.

J. S. SHOEMAKER,  
Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe County.

## PROPOSALS

### FOR FENCING THE WASHOE CO. POOR FARM.

Will be received up to and including SATURDAY, MARCH 30, 1877, said Farm containing 40 acres, to be three boards high, boards 1½ inches thick, 8 inches wide, 18 feet long, and of good quality of fence lumber. Posts to be red wood, 7 feet in length, set 2 feet in the ground and 6 feet apart, nails 12d. Said work to be done in a good substantial and workmanlike manner. Proposals must be sealed and addressed to "P. B. COMSTOCK, Clerk," and marked "Proposals for fencing Poor Farm."

By order of the Board of Commissioners.

P. B. COMSTOCK, Clerk.

Reno, February 10, 1877.

—

### CONSOLIDATED POE MINING CO.

Location of principal place of business, Reno. Location of works, Peavine, Washoe Co., Nev.

Notice is hereby given that at a meeting of the Board of Trustees held February 10th, 1877, an assessment (No. 12) of ten cents per share was levied upon the capital stock of the corporation payable immediately in United States gold coin to the Secretary at the office of the Company.

Any stock upon which this assessment shall remain unpaid on the 10th day of March, 1877, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on Monday, the 16th day of April to pay the delinquent assessment together with cost of advertising and expenses of sale.

By order of the Board of Trustees.

E. F. BROWN, Secretary.

Reno, Feb. 16, 1877.

—

### NEVADA GAS COMPANY.

Location of principal place of business, Reno. Location of works, Peavine, Washoe Co., Nev.

Notice is hereby given that at a meeting of the Board of Trustees held on the 7th day of February, 1877, an assessment (No. 2) of ten cents per share was levied upon the capital stock of the corporation, payable immediately in U. S. gold coin to the Secretary.

Any stock upon which this assessment shall remain unpaid on the 7th day of March, 1877, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on Saturday, the seventh day of April to pay the delinquent assessment together with costs of advertising and expenses of sale.

By order of the Board of Trustees.

M. LIPPMAN, Secretary.

Reno, Feb. 15, 1877.

—

## NOTICE.

TO JAMES, OR JAMES H. WEST—TAKE

NOTICE—You are hereby notified that the co-owners with you in the claim known as Blackhawk Mining Claim, situated in Peavine Mining District, Washoe County, Nevada, located in the month of February, A. D. 1877, have worked the claim in accordance with the United States mining laws, within thirty days from the first location of the same, offering your co-owners will avail themselves of your rights as granted them by the United States mining laws, approved May 10th, 1872, Section five (5).

E. C. SESSIONS.

Reno, Feb. 12, 1877.
